SETANTA SETTERS INC. WAS ESTABLISHED WITH THE IDEA OF PRODUCING THE BEST QUALITY DOGS THAT CAN STILL DO WHAT THEY WERE ORIGINALLY BRED TO DO. MUCH THOUGHT AND PLANNING GOES INTO EACH BREEDING. EVERY EFFORT HAS BEEN MADE TO PRODUCE WELL BALANCED, HEALTHY, MULTI-PURPOSE DOGS THAT CAN DO WHATEVER IS ASKED OF THEM, AND LOOK GOOD DOING IT.

OUR PUPPIES RECEIVE THE BEST OF VETERINARY CARE, ARE FED QUALITY FOOD, ARE WELL SOCIALIZED, AND THE HOUSEBREAKING PROCESS BEGUN. WE ASK THAT YOU CONTINUE THIS IN ORDER TO HAVE A VALUABLE ADDITION TO YOUR FAMILY.

BEGINNING AT 5-6 WEEKS OF AGE OUR PUPPIES RECEIVE THEIR FIRST SHOTS. WE STRONGLY URGE THAT THE PUPPY CONTINUE TO RECEIVE SHOTS AT 2 WEEK INTERVALS UNTIL THEY ARE 16 WEEKS OF AGE, AT WHICH TIME THEY SHOULD RECEIVE THEIR RABIES SHOT. WE ALSO SUGGEST THAT THE PUPPY BE INOCULATED AGAINST CORONA, BORDATELLAE, AND RECEIVE A BOOSTER AT 5 MONTHS OF AGE FOR PARVO. OUR PUPPIES HAVE ALSO BEEN CHECKED FOR "WORMS". HOWEVER, CONTINUED VIGILANCE IS RECOMMENDED WITH PERIODIC CHECKS. YEARLY CHECK-UPS, AND BOOSTER SHOTS ARE STRONGLY URGED. WE ALSO HIGHLY RECOMMEND THE USE OF A HEARTWORM/FLEA PREVENTATIVE.

WE STRONGLY URGE YOU TO TAKE YOUR PUPPY FOR OBEDIENCE LESSONS. IT IS GREAT SOCIALIZATION, AND TEACHES THEM HOW TO BE BETTER MEMBERS OF YOUR HOUSEHOLD.

PUPPIES ARE INTRODUCED TO CRATES. DOGS ARE NATURALLY "DEN" ANIMALS, AND A CRATE IS A SUBSTITUTE DEN. CRATE TRAINING IS AN IMPORTANT FIRST STEP IN THE HOUSEBREAKING PROCESS. IT IS ALSO AN IMPORTANT SAFETY MEASURE FOR YOUR FURNITURE, YOUR SOCIAL LIFE SUCH AS WHEN COMPANY OR RELATIVES VISIT, AND FOR YOUR PUPPY. PLEASE FOLLOW THE ENSUING HOUSEBREAKING TIPS, AND YOU SHOULD END UP WITH A RELIABLE DOG IN THE HOUSE.

SETANTA SETTI

(412) 600-18

1. TAKE PUPPY OUT FIRST THING IN THE MORNING.
2. TAKE PUPPY OUT AFTER EVERY MEAL.
3. TAKE PUPPY OUT AFTER BIG DRINKS OF WATER.
4. TAKE PUPPY OUT AFTER PLAY PERIODS.
5. TAKE PUPPY OUT AFTER WAKING FROM NAPS.
6. DO NOT FEED OR WATER PUPPY FOR 3-4 HOURS BEFORE BED-TIME.
7. TAKE PUPPY OUT LAST THING BEFORE GOING TO BED.
8. HAVE PUPPY SLEEP IN A CONFINED SPACE SUCH AS A CRATE.
9. PRAISE PUPPY WHENEVER PUPPY "GOES" WHERE IT SUPPOSED TO.
10. TEACH PUPPY A COMMAND TO GO WHEN IT IS OUTSIDE.

IF YOU ARE FAITHFUL IN FOLLOWING THIS SCHEDULE, THERE WILL BE FEW IF ANY "ACCIDENTS" IN THE HOUSE. CRATES ARE ALSO GREAT FOR TRAVELING IN THE CAR AS THEY ACT AS THE DOGS SAFETY BELT, POTENTIALLY SAVING THEIR LIFE, OR YOURS.

NOTE: DOGS ARE LIKE A 2 YEAR OLD CHILD. PLEASE DO NOT LEAVE THEM UNATTENDED, OR UNSUPERVISED. LEFT TO THEIR OWN DEVICES, THEY WILL GET INTO "TROUBLE".

WE RECOMMEND THAT YOU FEED A HIGH QUALITY DOG FOOD SUCH AS PURINA HI-PRO, OR PURINA ONE. WE DO NOT ENDORSE GROCERY STORE BRANDS. PLEASE BE AWARE THAT MORE OF SOMETHING IS NOT ALWAYS BETTER, SOME FOODS ARE TOO RICH FOR THE AVERAGE DOG. THEY CAN BE DESIGNED FOR THE DOG THAT IS BEING HEAVILY CAMPAIGNED, OR EXERCISED. FEEDING A PUPPY SUCH HIGH POWERED FOODS MAY MAKE THEM GROW TOO FAST, OR LEAD TO OTHER HEALTH PROBLEMS. PUPPIES SHOULD BE FED 3-4 TIMES A DAY IN SUFFICIENT QUANTITY TO MAINTAIN GOOD WEIGHT BUT NOT BE FAT. AS AN ADULT, FEEDINGS MAY BE REDUCED TO 1-2 TIMES A DAY. WE FEED 2 TIMES PER DAY, SERVING MOISTENED KIBBLE WITH AN OCCASIONAL DOLLOP OF CANNED FOOD. FOOD IS PUT DOWN FOR 10 MINUTES. FOOD THAT REMAINS IS PICKED UP AND PUT IN THE REFRIGERATOR. MONITORING YOUR DOGS FOOD INTAKE IS ONE OF THE BEST WAYS TO DETERMINE THE HEALTH STATUS. CONTROLLED FEEDING IS ALSO A GREAT BENEFIT TO THE HOUSEBREAKING PROCESS. NOTE: FEEDING YOUR PUPPY IN ITS CRATE IS THE BEST PLACE TO FEED THEM. BREEDERS RESPONSIBILITIES:

1. PROVIDE YOU WITH A PUPPY/ADULT THAT IS FREE FROM ANY KNOWN GENETIC FAULTS,OR OTHER HEALTH ISSUES UNLESS OTHERWISE SPECIFIED AT TIME OF PURCHASE.
2. START HOUSEBREAKING PROCESS.
3. SOCIALIZATION WELL STARTED.
4. INNOCULATIONS ARE CURRENT AND UP TO DATE.
5. ANSWER ANY AND ALL QUESTIONS ABOUT CARE/TRAINING BEFORE OR AFTER PUCHASE.
6. BREEDER WILL TAKE BACK DOG WHEN/IF YOU CAN NO LONGER KEEP DOG. DEPENDING UPON AGE AND CONDITION OF RETURNED DOG, PURCHASE PRICE WILL BE REFUNDED, MINUS ASSOCIATED COSTS OF RE-PLACEMENT. IF BREEDER DECIDES TO RETAIN POSSESION OF DOG, YOU RECEIVE A FULL REFUND.
